

# TremSafe Heavy-Duty Warning Lines™

## FEATURES

Non-penetrating system

When used in conjunction with TremSafe Guardrail S, it will reduce the costs of the fall protection project

Exceeds OSHA regulations for warning line systems

Power Coat Yellow and Galvanized Finishes available

Fully compliant with all OSHA standards.

## DESCRIPTION

TremSafe Heavy-Duty Warning Lines™ is a cost effective, permanent visual warning line system for roof edge protection and controlled access zones. Once in place, the TremSafe Heavy-Duty Warning Lines remains intact until you want to move it. No drilling is necessary for installation, preserving the integrity of your roof. The TremSafe Heavy-Duty Warning Lines system consists of powder coated/galvanized metal flags that are adhered to vinyl coated/galvanized aircraft cable. The flag assembly meets OSHA 6" spacing.

## BASIC USES

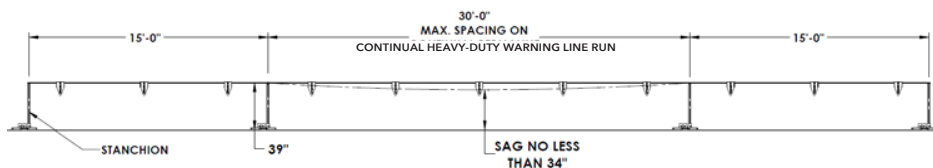

The TremSafe Heavy-Duty Warning Lines System can greatly reduce the cost of an entire roof installation by visually predicting the non-serviceable areas of your roof and creating controlled access zones.

# TremSafe Heavy-Duty Warning Lines

## INSTALLATION

Similar to our non-penetrating safety solutions, the Heavy Duty Warning Line system is easy to install. is easy to install. Once in place, it also requires very little ongoing maintenance.
